The team conducted a thorough evaluation of the department. During the inspection, the committee assessed key academic and infrastructural aspects, including teaching-learning processes, faculty qualifications, library facilities, student support services, and overall departmental functioning. The institution ensured that all required documents and information were systematically presented to facilitate a smooth and transparent evaluation process. Following the successful completion of the inspection and fulfillment of all prescribed criteria, the Department of Commerce was granted permanent affiliation for B.Com and M.Com programs on 13/02/2026. This achievement represents a major milestone for the institution, highlighting its commitment to academic excellence and quality education. The permanent affiliation strengthens the department's credibility and ensures long-term academic stability for the benefit of students and stakeholders.

Commerce Students of Kurud College Visit Pratham Education Foundation – 23/02/2026

Nearly 100 students from the Commerce Faculty of Sant Guru Ghasidas Government College, Kurud, participated in an educational visit to Pratham Education Foundation under the guidance of the National Institute for Entrepreneurship and Small Business Development. The primary aim of this visit was to bridge the gap between theoretical learning and practical exposure while introducing students to diverse employment-oriented sectors. During the visit, students received comprehensive insights into areas such as hospitality training, solar panel installation and maintenance, housekeeping, and interior design. Subject experts elaborated on career prospects, essential skill requirements, training procedures, and opportunities for self-employment in these domains. The students also had the opportunity to observe various training units closely, understand their operational processes, and interact with professionals to clarify their doubts. Head of the Commerce Department, Mr. Pawan Kumar Tamrakar, highlighted that such educational tours significantly contribute to students' career development. He stressed that practical learning, when combined with academic knowledge, plays a vital role in enhancing students' confidence and skill sets. The principal of the college, Dr. Arun Kumar Mishra, conveyed his best wishes to the students and stated that such initiatives expose them to new opportunities and encourage them to move towards self-reliance. He also reaffirmed the institution's commitment to promoting such meaningful academic activities. Overall, the visit proved to be highly beneficial, generating enthusiasm and awareness among the students. It inspired them to consider skill-based training and explore new career paths. The college administration extended its sincere gratitude to all the individuals and organizations involved in successfully organizing the visit.

The National Institute for Entrepreneurship and Small Business Development (NIESBUD), Government of India, conducted a 9-day solar entrepreneurship program with the participation of 100 B.Com students from 3rd to 27th Feb 2026.

Under the Pradhan Mantri Suryaghar Muft Bijli Yojana, a solar entrepreneurship and skill development training program was organized by the National Institute for Entrepreneurship and Small Business Development (NIESBUD). In this program, 90 students from the Faculty of Commerce of Sant Guru Ghasidas Government Postgraduate College, Kurud, District Dhamtari (C.G.), successfully completed the training. This 9-day free program was conducted from 3rd to 27th February 2026 at Government Polytechnic College, Kurud. The objective of the program was to connect youth with opportunities in solar energy entrepreneurship, technical knowledge, and self-employment. During the training, students were provided with knowledge on solar panel installation, maintenance, project management, financial planning, and information related to various government schemes. This helped develop a positive attitude toward self-reliance and entrepreneurship among the students. Head of the Department of Commerce, Mr. Pawan Kumar Tamrakar, stated that this training would be highly beneficial for students' career development and would provide employment and self-employment opportunities in the renewable energy sector. The principal of the college, Dr. Arun Kumar Mishra, said that such skill-based programs are essential for the overall development of students and similar training programs will be organized in the future as well. The college family expressed happiness over the successful organization of the program.

M.Com students actively participated in the cultural activities during the annual function, where they presented a vibrant tribal dance showcasing cultural heritage and also performed a Nukkad Natak to spread awareness and deliver a social message on cybercrime.

On 14th February 2026, the M.Com students of the college enthusiastically participated in the cultural activities organized as part of the Annual Function. Showcasing their creativity, cultural spirit, and sense of social responsibility, the students presented a vibrant Tribal Dance performance along with a powerful and thought-provoking Nukkad Natak on the theme of cybercrime, which is a growing concern in today's digital age. The Tribal Dance reflected rich cultural heritage and traditions, captivating the audience with energetic movements, colorful attire, and rhythmic coordination. It highlighted the students' appreciation for cultural diversity and added a lively dimension to the program. In addition, the Nukkad Natak was well-structured and effectively depicted various forms of cybercrime, including online fraud, phishing, identity theft, hacking, and the misuse of social media platforms. Through engaging dialogues, realistic situations, and expressive acting, the students successfully conveyed the risks associated with careless digital behavior. They also highlighted essential preventive measures such as protecting personal information, using strong passwords, avoiding suspicious links, and maintaining digital vigilance. Both performances not only entertained the audience but also served as important mediums for spreading awareness and promoting cultural values. The presentations received wide appreciation from the audience, faculty members, and dignitaries for their relevance, clarity of message, and impactful execution. This participation significantly contributed to the overall personality development of the students by enhancing their confidence, communication skills, teamwork, and stage presence. It also reflected their proactive approach towards preserving cultural heritage while addressing contemporary social issues through creative and meaningful expression.

Students Gained In-Depth Knowledge of Self-Employment Opportunities through the Entrepreneurship Awareness and Skill Development Program. – 10/03/2026

An entrepreneurship awareness program was successfully organized by the Department of Commerce of Sant Guru Ghasidas Government Post Graduate College, Kurud, under the aegis of the Indian Institute of Management, Raipur. The program was conducted in the college library hall under the coordination of Dr. Hit Narayan Tandon, Head of the Department of Zoology, and Mr. Pawan Kumar Tamrakar, Head of the Department of Commerce. The chief guest of the program was Mr. Lokpal Khadekar, General Manager, District Trade and Industry Department. The main objective of the program was to promote awareness among youth about entrepreneurship and to motivate them towards self-employment and startups. On this occasion, the keynote speaker was Dr. Sandeep Meshram (D.R.P.), along with subject experts Naresh Kumar Banjare and Sanjay Patel. Assistant Directors from the District Trade and Industry Centre, Dhamtari, Mr. Prashant Chandrakar and Mr. Jagmohan Ekka, were also present. They provided detailed information to the students about Micro, Small and Medium Enterprises (MSME), various government schemes, self-employment opportunities, financial assistance, and startup and industrial policies implemented by the state and central governments. They emphasized that there are immense opportunities in the field of entrepreneurship for today's youth, and with proper guidance, innovation, and utilization of government schemes, they can become successful entrepreneurs. During the program, experts also explained the process of setting up industries, banking support, training programs, and the procedures to avail benefits of government schemes. Students actively participated in the session, asked questions, and clarified their doubts related to career and business opportunities. Mr. Pawan Kumar Tamrakar, Head of the Department of Commerce, stated that such programs help in developing confidence among students and foster a positive attitude towards entrepreneurship. He added that the objective of the college is not only to provide academic knowledge but also to inspire students towards self-employment and entrepreneurship. The Principal of the college, Dr. Arun Kumar Mishra, appreciated the program and said that such skill- and entrepreneurship-based initiatives are extremely important for the holistic development of students. He also praised the efforts of the Commerce Department and emphasized the need to organize such useful programs in the future. A large number of students participated in the program and found it highly informative and beneficial.

Students Gain Comprehensive Hands-on Exposure to Dairy Processing, Packaging, Quality Control, and Modern Management Practices through a Well-Organized Educational Industrial Visit to a Dairy Plant – 21/03/2026

The Department of Commerce of Sant Guru Ghasidas Government Postgraduate College, Kurud, successfully organized a one-day educational visit to the Vachan Dairy Plant. The program was conducted under the able guidance and patronage of the college Principal, Dr. Arun Kumar Mishra. His continuous support and encouragement played a key role in the successful execution of this academic activity. The educational tour was led by the Head of the Department of Commerce, Mr. Pawan Kumar Tamrakar. He was accompanied by Assistant Professor Ms. Renu Patle, Guest Faculty Dr. Shrikant Namdev, Ms. Ankita Sahu, and Ms. Hina Chandrakar, all of whom actively participated in the program. The faculty members guided the students and motivated them to gain practical exposure to the industrial world. During the visit, the students were warmly welcomed by the owner of Vachan Dairy, Mr. Hemant Tamrakar, HR Head Mr. Sanjay Lal, and their entire team. The team provided detailed and easy-to-understand information about each stage of dairy operations, including milk collection, testing, processing, packaging, and distribution. Students observed these processes firsthand through modern machinery and technologies, which significantly strengthened their theoretical knowledge. The high standards of quality and purity maintained by Vachan Dairy, along with its commitment to hygiene, cleanliness, and environmental awareness, greatly impressed the students. The modern processing systems and quality control measures adopted by the dairy highlighted the importance of discipline, technology, and management coordination in a successful enterprise. Moreover, the efficient management and entrepreneurial capabilities of the dairy inspired students and encouraged a positive outlook toward entrepreneurship. The college expressed heartfelt gratitude to the owner, HR head, and the entire staff of Vachan Dairy for their support and guidance. It was also hoped that such academic collaborations would continue in the future, offering more learning opportunities to students.

Educational Visit to Dairy Plant and Tribal Museum: Enhancing Practical Learning and Cultural Awareness

On the same day, the students also visited the Tribal Museum in Raipur, where they explored the rich cultural heritage, traditional lifestyles, art, and artifacts of tribal communities. This visit enhanced their understanding of regional culture and provided an enriching learning experience beyond the industrial domain. This educational visit not only enhanced students' practical knowledge but also provided valuable insights into career and business opportunities in the dairy industry. Such programs play a crucial role in the holistic development of students and prepare them to face real-world challenges.

Visit to Banjari Mata Temple, Tilda – A Spiritual and Cultural Experience

On the same day, the students also visited the Banjari Mata Temple. The temple is a well-known spiritual site in the region and holds great religious significance among local devotees. During the visit, students experienced the serene and devotional atmosphere of the temple premises. They observed the architectural features of the temple and learned about the cultural and religious beliefs associated with Maa Banjari. This spiritual excursion added a meaningful dimension to the educational tour by blending cultural awareness with moral and ethical values. Overall, the visit to Banjari Mata Temple enriched the students' experience by offering a sense of peace, cultural connection, and holistic learning beyond academics.
